**Application for Frequency Assignment in the Digital Terrestrial  
Television Broadcasting Service**

**MICT/DOT/005/04**

**I. Administrative Details:**

Name of the Business:			
Nationality:		ID No.	
Telephone:		E-mail	
City/ District:		Address:	
Broadcast Area			
Name of Person Responsible:			

**II. Transmit Site Details:**

Location:		GPS Coordinates:	
Altitude above sea level (in meters):		Height:	

**III. Transmitter Equipment Details:**

**a) Equipment and Performance Details:**

Manufacturer:		Model:	
Carrier Output Power (dBW)		Effective Radiated Power (dBW):	
Television System:		Modulation Scheme:	
RF Bandwidth:		RF Filter Loss:	

**Frequency Assigned (for Official Use):**

Band	Start Frequency	End Frequency	Number of Channels

<b>b) Transmit Antenna Details:</b>			
Type of Transmit Antenna:			
Antenna height above ground level:			
Polarization:			
Radiation Pattern:			
Omnidirectional (Yes/ No):			
If not omnidirectional provide the following details:			
i.	Azimuth of the main lobe:		
ii.	Angular beam width of the main lobe at the 3dB point		
iii.	Radiation suppression at every 10° (use a separate sheet of paper).		
Antennae gain in dBi:			
<b>c) Feeder:</b>			
Feeder Type:		Feeder Length (m)	
Attenuation Per Meter (dB)			
Total Feeder Loss (dB)			

<b>IV. Miscellaneous:</b>	
Proposed date of commencement of service:	

**Applicants Declaration:**

I declare that the above information is true to the best of my knowledge.
